SOFTWARE ENGINEER

Development | Object-Oriented Programming | Design and Analysis of Algorithms

Motivated Computer Science undergraduate with hands on experience in Python, Django, and Restful API, strong Object-Oriented Programming and problem-solving skills. Skilled in building scalable backend applications and data-driven solutions, solving complex problems, and continuously learning new technologies to excel in dynamic environments.

PROJECTS

Job Application Tracker *(Python, Django)*

(2026-26)

Project Description:

Developed a full-stack web application using Django to **track and manage job applications**, featuring user authentication, CRUD operations, and status tracking (Applied, Interview, Offer, Rejected). Built a dashboard displaying application statistics along with search and filter functionality.

RecallDSA *(Python, Django, Django REST Framework)*

(2026-present)

Project Description:

Developed a backend application using Django to **manage DSA problems and personalized revision schedules**, featuring user authentication, CRUD operations, and revision tracking. Implemented **spaced-repetition logic** to calculate next revision dates based on revision performance and identify problems due for review. Built REST APIs for problem and revision management with a scalable structure for future progress analytics and weak-topic detection.

EDUCATION

Bachelor of Technology (CSE) (2023–2027) — United Institute of Technology, Prayagraj

Intermediate — St Vishna RRN School, Prayagraj

High School — Police Modern School, Prayagraj

PROFESSIONAL SKILLS

Technical Skills

- **Languages:** Python, JavaScript
- **Frameworks:** Django, DRF, Bootstrap
- **Databases:** SQL, MySQL, PostgreSQL
- **Tools and Libraries:** Excel, PowerPoint, Word, MySQL
- **Platforms:** Visual Studio Code, Postman

Soft Skills

Excellent communication, People Management, Time Management, Adaptability

VOLUNTEER EXPERIENCE

Event Volunteer – College Technical Fest

- Helped organize a coding event with 100+ participants.
- Managed registration and participant coordination during the event.
- Worked with the team to ensure the event ran smoothly.

TRAININGS AND CERTIFICATIONS

- Completed Python Training and received a certificate from United Institute of Technology.
